GONDOLAS

Lease. Buy. Sell. Trade. Manage. Strategize.

With a high cubic foot capacity, jumbo flat bottom gondola railcars are ideal for carrying woodchips, railroad ties, trash, etc. This high-capacity gondola allows for hauling a large volume of lighter weight, less dense products, making it a popular choice for paper industries, waste industries, railroads, maintenance of way shippers, and a variety of others. ***Secure Your Railcars Today!***

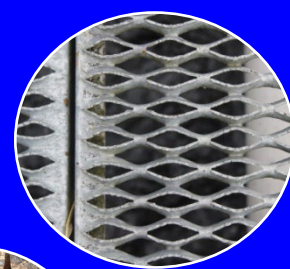

Reference Number	G5301709J
Car Type	Gondolas
Capacity	3110 cubic feet
Body Material	Steel
