Steve Christian Relocates to Colorado; Becomes Manager Value Creation – Operations

Forsyth, MT – Tealinc, Ltd. President Julie Mink is excited to announce that Steve Christian, previously based in Grand Island, NE with the position Manager Value Creation – Railcar Performance Manager has relocated to Colorado Springs, CO and is now Manager Value Creation – Operations for Tealinc, Ltd.

“For 5 years now, Steve Christian has been a highly valued member of the Tealinc family. His relocation to Colorado will allow the team to collaborate more frequently and stay focused on projects that create the most value for our customers while continuing to support the Tealinc vision. Steve’s promotion from Manager Value Creation – Railcar Performance Manager to Manager Value Creation - Operations more accurately embodies the various roles Steve is responsible for here at Tealinc. Steve is not only our primary mechanical and railcar performance manager. Steve also manages various segments of our client base including conducting inspections, railcar appraisals, providing fleet advice to our new and existing customers and leading or contributing to small and large scale consulting projects. This promotion brings with it a more focused responsibility segment to coincide with the transition into Steve’s new Colorado office. As Tealinc continues to grow, we are fortunate to have Steve on board and thankful to have him more centrally located close to our primary Colorado office” explained Julie Mink.

You can reach Steve at his office at:
6807 Shimmering Leaf Rd.
Colorado Springs, CO 80908

Phone: (719) 358-9212
Fax: (719) 313-9084
Cell: (308) 390-9615

Tealinc, Ltd. is based out of Forsyth, MT with offices in Colorado. Tealinc is a railcar operating lessor, transportation manager and consultant, and railcar broker. Steve Christian is the Manager Value Creation-Operations for Tealinc Ltd. Mr. Christian’s career includes positions as Vice President & General Manager of DTE Rail, Regional Manager PRB for Progress Rail and a wide variety of railcar mechanical experience from Carman on the Burlington Northern Railroad to Assistant Shop Superintendent on the Rock Island Railroad. He holds a Bachelor of Science degree from the University of Nebraska-Lincoln. Mr. Christian has over 45 years of railroad mechanical experience.
